Good morning John,

I hope you are well?

Further to a great deal of discussion over the past number of weeks, our client, the National Trust have taken the decision to withdraw the planning application for the relocation of the car parking at Lyme. As I say, this isn't a decision that has been taken lightly but it is clear there are a number of key sticking points that require further discussion internally and with yourselves as the park authority. On this basis, our view is that further time is required to reconsider the project and establish the best way to take it forward through the planning system.

Following this email I would appreciate it if you could respond to me to confirm the application has been withdrawn with immediate effect.

Thank you John.

Kind regards,

Simon.
